BodyWorks Gym, London

"Brilliant, the joining process worked flawlessly on the phone. Members find the it quick and easy. No further procedures need to be added. Colleagues think the member process is brilliant. We love it, so easy to set up."

Mooreenergy Fitness Club, Kent

"Very simple, best way for communicating to the public. Great concept, again keeping it simple. Very easy to join, use and understand. The facility and member pages are again easy to use and reassuring for the client. Very informative and allows you to add your own comments. My staff agree that it is very easy to use and a great way to add confidence to our members. As this is all new to us, I can only say no to any improvements at the moment. We're all in a learning stage at the moment, but we see this as a very useful tool for us in reassuring our members that the gym is a safe place to visit."

Dowe Dynamics, London

"Fit4Access is clean, crisp and professional. The joining process is straightforward, simple and user friendly. The member process is comprehensive, streamline and user friendly. The content is good, relevant and thorough. It'll be good for attracting new members and helping on turnaround times, as staff won't have to deal with paperwork. It would work and is a good utilisation of time. The Code of Conduct has good, thorough questions. Large chains would really benefit from the reduced paperwork."

Surbiton Racquet & Fitness Club, Surrey

"Looks smart, liked it, very easy, simple questions. It's easy for members, pictures look nice. We like pictures, paint a thousand words. Draw to certain area. Statement will develop over a period of time, add or change questions as it goes, from what people say. But nothing to add at this time. "

We'd love to hear more
